To the Board of Directors of MANA Nutritive Aid Products, Inc. Matthews, North Carolina

We have audited the accompanying financial statements of MANA Nutritive Aid Products, Inc., (the "Organization" - a nonprofit corporation), which comprise the statement of financial position as of September 30, 2015 and 2014, and the related statements of activities and cash flows for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility-

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to in the first paragraph present fairly, in all material respects, the financial position of MANA Nutritive Aid Products, Inc., as of September 30, 2015 and 2014, and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

NOTES TO FINANCIAL STATEMENTS FOR THE YEARS ENDED SEPTEMBER 30, 2015 AND 2014

1. SUMMARY OF OPERATIONS AND SIGNIFICANT ACCOUNTING POLICIES

Operations - MANA Nutritive Aid Products Incorporated (the "Organization") operates as a not-for-profit organization whose principal mission is to develop and provide solutions to address the root causes of malnutrition and its devastating effects. The Organization aims to prevent child deaths due to severe acute malnutrition by treating the condition through the production and distribution of fortified foods. MANA has developed and produces a Ready-to-Use Therapeutic Food ("RUTF") in the form of a fortified peanut butter paste known as "MANA". RUTF's like MANA provide severely malnourished children with the calories and nutrition they need to reach a healthy weight and fend off nutrition-related diseases. The Organization has focused on raising funds and marketing its product to future customers.

<u>Use of Accounting Estimates</u> - The preparation of financial statements in conformity with generally accepted accounting principles in the United States of America requires management to make estimates and assumptions that affect the reported amounts of certain assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of support, revenues and expenses during the reporting period. Accordingly, the actual amounts could differ from those estimates. Any adjustments applied to estimated amounts are recognized in the year in which such adjustments are determined.

<u>Financial Statement Presentation</u> - The net assets of the Organization and changes therein are classified and reported as follows:

Unrestricted net assets - Net assets that are not restricted by donors or for which donor-imposed restrictions have expired.

Temporarily restricted net assets - Net assets that contain donor-imposed time or purpose restrictions that have not currently been met.

Permanently restricted net assets - Net assets which contain donor-imposed restrictions stipulating that the amounts be maintained by the Organization in perpetuity. There were no permanently restricted net assets as of September 30, 2015 and 2014.

<u>Cash and Cash Equivalents</u> - The Organization considers all highly liquid investments with a maturity of three months or less when purchased to be cash equivalents. The Organization maintains cash deposits with financial institutions that, at times, may exceed federally insured limits.

Accounts Receivable - The Organization extends credit to its customers. By their nature, accounts receivable involve risk, including the credit risk of nonpayment by the customer. Accounts receivable are considered past due based on contractual and invoice terms. Accounts deemed uncollectible are charged directly to bad debt expense. As of September 30, 2015, the Organization considered \$20,000 of its remaining accounts uncollectible and, therefore, an allowance has been provided. As of September 30, 2014, a balance of \$47,149 was considered uncollectible and an allowance for that amount was provided.

<u>Pledges Receivable</u> - Contributions are recognized when a donor makes a promise that is, in substance, unconditional to give cash or property to the Organization. Pledges receivable are recorded at their estimated fair value. At September 30, 2015 and 2014, there were no remaining pledges receivable.

<u>Inventory</u> - Inventory is stated at the lower of cost (average cost) or market.

NOTES TO FINANCIAL STATEMENTS FOR THE YEARS ENDED SEPTEMBER 30, 2015 AND 2014

<u>Property</u> - Property is recorded at cost, if purchased and at estimated fair market value at the date of receipt, if donated. Depreciation is computed using the straight-line method over the estimated useful lives of the related assets. The Organization capitalizes expenditures for property and equipment over \$500. Donated property is reported as unrestricted support unless the donor restricts the donated asset to a specific purpose.

<u>Donated Services</u> - A number of volunteers, including members of the Board of Directors and its committees as well as various volunteer assistants, contribute significant amounts of time to further the Organization's programs. The value of this contributed time does not meet the criteria for recognition of contributed services and, accordingly, is not reflected as support in the accompanying financial statements. The Organization did receive donated inventory, legal and other professional services of approximately \$68,219 and \$91,309 for the years ended September 30, 2015 and 2014, respectively, that is recorded as support and related expenditures in the accompanying financial statements.

<u>Income Taxes</u> - The Organization is a tax-exempt organization under Section 501(c)(3) of the Internal Revenue Code and, therefore, no provision for income taxes has been made in the accompanying financial statements.

As of September 30, 2015, the tax year years ended September 30, 2012 through 2015 were open for potential examination by taxing authorities.

<u>Revenue Recognition</u> - The Organization recognizes contributions that are given unconditionally as support in the period the contributions are promised. Contributions that are restricted by the donor are reported as an increase in unrestricted net assets if the restriction expires in the period in which the support is recognized. All other donor-restricted contributions are reported as an increase in temporarily or permanently restricted net assets, depending on the nature of the restriction. When a restriction is satisfied, temporarily restricted net assets are reclassified to unrestricted net assets.

Revenue from product sales is recognized upon shipment, which is when title transfers.

<u>Advertising Expense</u> - The Organization expenses the cost of advertising as incurred. The accompanying statements of activities include advertising expense in the amount of \$4,286 and \$1,282 for the years ended September 30, 2015 and 2014, respectively.

<u>Research and Development Costs</u> - Expenditures related to the development of new products and processes, including significant improvements and refinements to existing products, are expensed as incurred.

<u>Shipping and Handling Costs</u> - The Organization includes shipping and handling costs in product expenses, as incurred.

<u>Functional Expense Classification</u> - The Organization's functional expense classification and allocation policy is based on a review of the current organizational structure, and the identification, reclassification and allocation of certain employee, facility, and departmental expenses, which serve multiple functional areas.

<u>Subsequent Events</u> - In preparing its financial statements, the Organization has evaluated subsequent events through the date of the auditors' report, which is the date the financial statements were available to be issued. During this time, no material subsequent events were identified.
